Welcome

***To the 30th Annual Dance and Acro Concert
Of
Premiere Dance Studio***

It seems impossible that we are celebrating our 30th Anniversary, and it feels like yesterday Miss Patti and Miss Stacey started to plan for the new Premiere Dance Studio. It was the summer of 1996 and while waiting for our renovations to be complete at our first Final results location, we taught all classes out of St. Columbkil Parish Hall and Gilbertsville Fire Hall. We moved into our new facility in November of 1996 and enjoyed seven years there growing into a successful dance and acrobatic studio, then bursting at the seams and needing a larger facility. We were blessed to find our current location at 1494 N Charlotte Street, and we moved in 2013. We were grateful that our dance/acro family followed us so we could continue our mission of providing our community with a family friendly, professional studio that provides dedication, love and a genuine passion for teaching children. Striving to provide a lifetime of incredible experiences and memories that will continue to be made for our many Premiere family members.

We cannot thank our many wonderful instructors through the years, most that have been with us from the beginning, or returned to teach for us after college. Thank you is not enough for the many hours our instructors have spent teaching thousands of students. The time and energy they give, creating wonderful routines with their choreography talents! Under the new partnership of Miss Ashley and Miss Stacey, Premiere is enjoying the next generation of returning alumni bringing their children to us, bringing their friends, and helping us continue to grow as one big family! We promise our dance/acro family that we will continue to provide you with the same caring and nurturing atmosphere, and teach our students not only to grow as artists of dance and acrobatics, but as individuals.

We thank you parents and family members for supporting us and all of our hard work efforts. We hope you will be amazed at the growing talents of our students. We are so proud of the performances you are about to be entertained by!

*Enjoy the show!
Sincerely,*

Miss Ashley, Miss Stacey, and the entire staff of Premiere Dance Studio

Benefits of Having Team Dancers:

Every student at PDS benefits from our participation in the competition world, as we learn and grow so much from our experiences of participation each season. We hope to bring back and promote inspiration within, and admiration for, these instructors and students who train so hard to represent us. Along with updated choreography and curriculum, competition gives us insight into comparing our progress, making sure we are on target with proper progression and goals.

Benefits of Being A Team Dancer:

Being a team member teaches many things to enhance our student's lives for their future; Organization of scheduling, camaraderie, commitment, communication, as well as a hard work ethic. Students learn to handle pressure as well as poise and stage presence that brings about great confidence. They make new friends and learn a greater appreciation of acrobatics and dance by meeting incredible performers, choreographers, and studio owners from around the Tri-State area.
